RACE AND SEXUAL HARASSMENT

PRESENTERS:
Dr. Tara Green, Dr. Willi Coleman &
Dr. Andrea Hunter

In the age of the #MeToo Movement and the resignations of members of Congress for sexual harassment, it is important to ask why not earlier and why now? Panelists, two of whom signed the letter of support for Hill printed in the New York Times, will explore the intersection of race, class, and sexual harassment as it existed in the 90s and its extension into the 21st century.
